Praise for Combined Destinies

LARRY D. ROPER

Vice Provost for Student Affairs, Oregon State University

“Combined Destinies is also about the influence racism has on those whose lives are touched by and intersect with whites—it is about the impact of white grief on all of us. Anyone who cares about healing our world and reconstructing hope for our future must read this book.”

REA CAREY

Exec. Director, National Gay and Lesbian Task Force

“Wherever you are on your journey in confronting racism, you will find this book to be a gift of love.”
